To whom it may concern,

I worked with Michelle Bussolotti for 5 years at The Women's Center of SECT. Michelle was the Community Education Coordinator/Educator for our center. Her responsibilities were vast and varied. She was responsible for much of our community outreach and gave presentations on the services we offered as well as programs in the schools and local correctional institutions. The subjects she presented included: Sexual Harassment, Sexual Assault, Domestic Violence, Effects of Domestic Violence on Children, and Healthy Dating Relationships. In addition she created excellent presentations on Self-Esteem, Anger Management and Communication Skills. Every presentation was tailor-made for the needs of the groups. Michelle was creative with each presentation. Her style was very engaging, and she always had command of her audience.

In addition to her teaching responsibilities, in order to have influence and awareness of the larger mission of The Women's Center, she actively participated in Senior Staff Meetings on a weekly basis.

Michelle organized and implemented numerous awareness campaigns for DV Awareness Month, including an "Arts on the Water" fundraising event in Norwich.

Michelle is an enthusiastic and charismatic person. She has tremendous understanding and compassion for women's concerns and excellent leadership skills for energizing and bringing a team together.

I believe Michelle would be a perfect fit for your position.

I would be pleased to answer any questions you may have on Michelle's candidacy.

Sincerely,

Anne Wernau
Director, Violence is Preventable and Healthy Relationships Programs
